THE SUFFERER'S BEST FRIEND!

HOLLOWAY'S PILLS.

All Disorders affecting the Liver, Stomach, and Bowels.

These Pills can be confidently recommended as the most simple and certain remedy for indigestion, flatulency, acidity, heartburn, colic, constipation, and all the many maladies resulting from disordered stomach or bowels. In all diseases it is of primary importance to set the stomach right. These pills are purifiers alteratives and strengtheners of the stomach. They may be taken under any circumstances. Though powerfully tonic and satisfactorily aperient, they are mild in their operation, and beneficial to the whole system.

Weakness and Debility, Nervous Irritability.

The wholesome effect exercised by these admirable Pills over the blood and fluids generally is like a charm in dispelling low spirits, and restoring cheerfulness. Their general aperient qualities well fit them for a domestic medicine, particularly for females, of all ages and periods of life. They never betray any disagreeable irritating qualities; they quickly eject all impurities from the system, and regulate every function of the body giving wonderful tone and energy to weak and debilitated persons, while they brace and strengthen the nervous system in a most extraordinary manner.

To Regain Health, Strength, and Vigor.

Whenever persons find themselves in that state termed "a little out of health," and there are so many causes at work to shorten life, it is necessary that Holloway's Pills, the finest purifier of the blood ever known, should be at once taken, as they not only rid both solids and fluids of all morbid matters but regulate all disordered actions, and strengthen the frame in a most extraordinary manner.

In Coughs, Colds, and Asthmatical Affections.

These Pills, assisted in their action by rubbing Holloway's Ointment very effectively twice a day upon the throat and chest, and keeping those parts covered with the preparation, will be found the most effective remedy for asthma, coughs, colds, bronchitis, and influenza. These remedies tranquilize the hurried breathing, soothe the irritated air tubes and assist in dislodging the phlegm which stops up the air passages. This treatment has proved wonderfully efficient in not only curing old settled coughs and colds, but asthma of many years' standing, and even when patients who were in so bad a state as not to be able to lie down on their beds lest they be choked by phlegm.

Derangement and Distension of the Bowels, Flatulency, Diarrhœa and Dysentery.

Any symptoms of the above complaints should be immediately met by appropriate doses of these Pills, according to printed directions; delay may be followed by disastrous consequences. These Pills are a certain remedy for all the ailments of the alimentary canal, they secure the thorough digestion of the food, and act most kindly on the stomach liver, bowels, and kidneys. As a household medicine they are unrivalled, and should always be at hand.

Very Important, of Costiveness Beware.

Rarely but little notice is taken of costiveness, yet at certain periods it is a sure sign that danger is near. All who are seized with apoplexy and paralysis, have previously suffered from costiveness. In the former case the blood flies to the head, a small vein is ruptured on the brain, and we know the rest. Let wives counsel their husbands and husbands their wives, never to go to bed a second night if the bowels have not been properly moved during the day, particularly if they feel heavy and drowsy. A few gentle doses of these fine Pills will regulate the circulation of the blood, and remove all dangerous symptoms.

Holloway's Pills are the best remedy known in the world for the following diseases:

Ague	Dropsy	Inflammation	Stone and Gravel
Asthma	Dysentery	Jaundice	Secondary Symptoms
Bilious Complaints	Erysipelas	Liver Complaints	Tic-Douloureux
Blotches on the Skin	Female Irregularities	Lumbago	Tumours
Bowel Complaints	Fevers of all kinds	Piles	Ulcers
Colics	Fits	Rheumatism	Venereal Affections
Constipation of Bowels	Gout	Retention of Urine	Weakness, from whatever cause &c., &c.
Consumption	Head-ache	Scrofula, or King's Evil	
Debility	Indigestion	Sore Throat	
	Worms of all kinds

THE ATTENTION OF SHIPPERS and passengers is particularly directed to the superior facilities the Royal Mail Steam Packet Company's Line affords for the speedy conveyance of Treasure, Goods and Passengers to and from England to British Columbia and Vancouver Island, in connection with the Pacific Mail Steamship Company's Vessels and the Panama Railroad.

The superiority of the accommodation and entertainment on board the Royal Mail Steamers, together with the time occupied on the passage between England and Aspinwall direct being so much shorter than by any other route, and the moderate rate of passage money, render this Company's steamers the CHEAPEST AND MOST EXPEDITIOUS MEANS OF TRANSIT, for passengers or for the forwarding of Goods and Treasure from Aspinwall to Europe.

THE QUEEN, THE CONFERENCE, AND THE BUDGET.

There were, according to our latest files of papers, three important topics engrossing the attention of the English mind—The Queen, the Conference, and the Budget. To commence with Royalty, we find the liberal press generally lamenting the continued absence of Her Majesty from those social and ceremonial assemblages which were wont to form so much of English monarchical existence. In some of the papers—both conservative and liberal—we have, however, an amount of servility and rank-worship that is positively humiliating, and would almost lead a stranger to fancy that the writers were under the dominion of the Khan of Tartary, who invariably, after finishing the most important meal of the day, caused a herald to proclaim from his seat that all the princes and potentates of the earth had his permission to go to dinner. There is at the same time a mixture of avarice in this flunkeyism which is perfectly sickening. The trade of the West End, say these guides of English opinion, languishes while the sun of royalty is hid beneath the morbid sorrow of the widowed Queen. Loyalty, therefore, means a good business in lace—attachment to Her Majesty's person is defined by a thriving trade in personal apparel. Let the monarch of England emulate the bereaved Israelitish King, and indulge in sackcloth and ashes, and straightway murmurs of rebellion arise from the lips of Bond street tailors and Piccadilly *parfumeurs*. Monarchy evidently is suspended by the silken thread of the hosier, and aristocracy only keeps its footing so long as the fashionable bootmaker can measure the generally extensive pedal anatomy of the lineal descendants of the Norman conquerors. Outside this circle of spurious manhood, that, like the child at the fair, revels in the tinselled gingerbread, we have the healthy English mind accepting the privacy of Her Majesty as a fact that is not likely to disturb the order of creation, or even reduce Great Britain to a second-rate power. They see in Queen Victoria a monarch who has made Monarchy in England respected—a feat which but few of her predecessors ever managed to accomplish. They also perceive in the court-ceremonials, however much such displays may be the aim all and end-all of budding young ladies and decrepid young nobles—nothing more than they can witness any night at the Haymarket, or Drury Lane, embellished generally with better language and more actual grace than are to be found at the genuine royal gatherings. They can, therefore, readily enough dispense with the *mummeries* of the Court, if the *duties* devolving upon Her Majesty be only attended to with her usual promptitude.

The Conference on the Danish question has met; but, as we predicted, gives no hope of any amicable adjustment of the difficulty. Three hours' discussion on the 17th of May were quite sufficient to prove the diverse character of the elements of which it is composed. The Germans had repudiated altogether the Treaty of London, and an adjournment of the Conference was deemed advisable till the 28th of May, when the members will no doubt come together again, like the puppets in Punch's exhibition, only to fly off with greater vigor, or enact the melancholy tragedy of the Kilkenny cats. No common basis for discussion has yet been agreed upon, and when we look upon the objects of the various powers interested, we do not think that any such necessity is likely to result from a renewal of the debate. "Denmark" says one of the most influential of the London periodicals, "wants to keep Schleswig as a dependency; Germany wants to seize Schleswig and make Denmark a dependency; England wants to take Schleswig from both and give it to King Christian; France wants the whole question referred to a majority of the most ignorant of all the parties concerned; and Russia wants any arrangement which will most effectually enable her to menace the independence of Sweden." There certainly never was such a diplomatic kettle of fish before. If any common basis for discussion be arranged out of these discordant elements, we shall have more faith in European diplomacy than past events, we must confess, would justify. It is just possible that Louis Napoleon's "universal suffrage" idea may carry the day, giving to the disputed Duchies the right of voting on their own destiny. As a principle, or rather precedent, the English mind seems opposed to this revolutionary policy of the creature of revolution. To carry out the system would make the most violent disruption in Europe that has perhaps ever taken place in any part of the world, and would shake the stability of the most firmly fixed Governments. That it would, however, result, after all the turmoil, in a more healthy condition of affairs can scarcely be disputed; but as the great bulk of the Powers have obtained their territories, or at least large portions of them, by right of conquest, or gigantic spoliation, it is not likely they would be guided in the future by any such precedent, if it were allowed in the case of the Duchies.

The Chancellor of the Exchequer has added another victory to his long list of financial achievements. His Budget, which he introduced on Thursday, April 7th, in a speech, such as he alone can make, was the most successful financial statement that has come before the House of Commons for many years. The balance of expenditure and revenue shows a surplus of £2,570,000, which the Chancellor of the Exchequer intends to reduce by the remission of taxes on sugar, income tax, fire insurance duty, and rural tea licences, to the amount of £2,332,000 in the current year, leaving a balance in favor of the Exchequer of £238,000. The House was crowded, of course, and Mr. Gladstone's speech, which lasted three hours, was vociferously cheered throughout, despite some faint antagonistic demonstrations from the Opposition. The enormous remission of £1,330,000 in the duties on sugar, was an acceptable boon to the lower classes, who experienced such a relief last year by the great reduction in the duties on tea. Even the penny in the pound deducted from the Income tax, and which gave a remission of £800,000, was warmly appreciated by all those whom the tax pinched. The following is the balance of expenditure and revenue embraced in Mr. Gladstone's Budget:

£		£	
Charges for funded and unfunded debt	26,460,000	Customs	23,150,000
Consolidated Fund charges	1,930,000	Excise	18,03[illegible],000
Army	14,844,000	Stamps	9,320,000
Navy	10,432,000	Taxes	3,150,000
Collection of Revenue	4,692,000	Income-tax	8,500,000
Packet Estimates	885,000	Post-office	3,950,000
Miscellaneous Estimates	7,629,000	Crown Lands	310,000
Reserve	80,000	China & Japan Indemnity	600,000
		Miscellaneous	2,250,000
	£66,890,000		66,890,000

Showing a surplus for the year of.... £2,570,000

So large a surplus in the national revenue, after all the ominous prophecies that were made about Mr. Gladstone's "financial vagaries," is exceedingly gratifying to the English people. To think that, despite the stagnation of the cotton trade, and the immense destitution which prevailed throughout Great Britain, about two millions and a half pounds sterling were obtained over and above the expenditure, is as much a convincing proof of the soundness of the judgment of the Chancellor of the Exchequer as it is of the elasticity of the English revenue. To Mr. Gradstone's genius is undoubtedly due the great success of Lord Palmerston's administration. Bold even to a fault, he rushes into financial schemes with the vigor of a gladiator into the Roman Amphitheatre, and combats with obstacles that strike the old school of financiers with a paralysing terror. The poor man has his greatest consideration, and if Mr. Gladstone is precluded, by the dead weight of some of his colleagues, from advancing him a step on the political ladder, he can at least enable him, by a remission of taxation, to enjoy a larger share of the creature comforts of life.

DR. HOSTETTER'S
STOMACH BITTERS

THE OPERATION OF THIS PALAtable remedy upon the stomach, liver and excretory organs is singularly soothing and conservative. It regulates, recruits and purifies them. Dyspepsia in all its forms yields to its control and invigorating properties.

Invigorate the System.

Vigorous digestion and pure bile produce nutricious blood, and nutricious blood a healthy frame. Does the victim of a dyspeptic stomach and a die ordered liver desire to know how the digestion may be improved, the bile and the other fluids of the body purified?

Dr. Hostetter's Stomach Bitters.

Will accomplish this desirable revolution in the system regulating the secretions and excretions, giving tone to the animal juices which dissolve the food, strengthen every relaxed nerve, muscle and fibre, and brings the whole machinery of vitality into vigorous and healthful play.

Strengthen the System.

The best means of imparting vigor to the broken down frame and shattered constitution, which has yet been invented or discovered, is proffered to the feeble of both sexes and all ages in

Dr. Hostetter's Stomach Bitters.

Debility, from whatever cause arising, may be cured; strength, in whatever manner it may have been wasted, may be restored by the use of this powerful and healthful invigorant. For indigestion and all its painful effects, bodily and mental, they are a positive specific.

A Word to the Aged.

In the decline of life the loss of vital force consequent upon physical decay can only be safely supplied by some vivifying preparation which recruits the strength and spirits, without entailing the exhaustion which is always the final effect of ordinary stimulants. We tender to the aged

Dr. Hostetter's Stomach Bitters,

As an invigorant and restorative, immediate in its beneficial action and permanent in its effects. It tones the stomach, improves the appetite, and acts like a charm upon the spirits.

For Females.

Thousands of ladies resort to it as a remedy for hysteria, fluttering of the heart, nervious headache, vertigo, general debility and all peculiar disturbances and derangements to which as a sex, they are subject. It cheers and enlightens the depressed mental powers, as well as strengthens the body, and its use is never followed by any reaction

IODINE WATER.

IODINE WATER IS THE MOST IMportant discovery of modern chemistry, and it is impossible to over-estimate its influence as a remedial agent. Iodine has been considered the most useful article in Materia Medica, and many of the most scientific and practical chemists and physicians have investigated its effects upon the human system. It is to act upon the

HEART,
LIVER, KIDNEYS,
DIGESTIVE ORGANS & GLANDULAR SYSTEM,

and to have great control over

SCROFULOUS AFFECTIONS

Notwithstanding the zeal and ability which have been devoted to its investigation, it remained almost useless, until Dr. Henry Anders, a physician and chemist of New York, after years of patient labor and experiment, discovered a chemical process which enabled him to dissolve

PURE IODINE IN PURE WATER

without a solvent. This, considered impossible by the whole world, is attested by certificate of analysis from Dr. J. R. Chilton of this city, and Prof. Booth, U. S. Mint, Philadelphia. The importance of this discovery was so highly appreciated by the Faculty that it was published in the Medical Journals, and its use recommended to practitioners (see "American Medical Monthly," July 6, 1856, page 76.)

This valuable medicine is now available to the public for the cure of Scrofula in all its manifold forms, Consumption, Cancer, Heart, Liver and Kidney Diseases, Rheumatism, Neuralgia, Nervous Affections, Dyspepsia, Bronchitis, &c.

AS A TONIC

Its operation is evinced by strengthening the digestive organs and increasing the appetite. In cases of Dyspepsia, Emaciation and Debility an increased nutrition of the body is the result of the employment of Iodine. The patient recovers flesh, strength and color; hitherto pale, relaxed and feeble, he becomes full, strong and florid

SALT SPRING ISLAND AND CHEMAINUS.—REVISION OF VOTES.—The Revising Barrister, Mr. Drake, proceeded on Friday morning to Salt Spring Island to hold a court as advertised, in company with Mr. Dennes and friends. Immediately on the former's arrival, which, unfortunately, did not take place till 3 p.m. on Saturday, a messenger was dispatched from Begg's settlement to the other side with a copy of the notice. By about 7 p.m. several of the settlers appeared on behalf of those who had been objected to. Mr. Mallandaine, who had made the greatest number of objections, was present to support them. On being sworn, Mr. Mallandaine proved service of the notices in the usual way; and on being called on for his reasons the whole of the names were struck out with the exception of three: H. Steims (colored), which was allowed to remain with his sanction, a technical objection only existing against him; R. W. Robinson, who proved to be a born British subject, and J. O. Norton, Portuguese, two witnesses having sworn he had a certificate of naturalization. Most of the names belonging to the Island, which were stricken out, belonged to parties who had not gone through the necessary formalities in naturalization. Among the names removed, were those of Mr. Pidwell and three of his supporters, at the late election. The revised list will now consist of 39 names. The time allowed for observation and information was very short, but it was noticed that everything was progressing very favorably on the Island, the mail steamer especially being considered a great boon, and would be more so with regular days of arrival and departure. Some of the settlers are paying particular attention to the tobacco crop; most of them already smoke their own. They have already serious intentions towards the coming agricultural exhibition. The number of cattle on the Island, if one were allowed to guess at it, would now probably exceed 500. Our informant saw a great number of this year's calves. The nursery for fruit trees, now in the hands of Brian and Griffin, may be safely set down as the largest in the whole colony. There is great abundance of fine grass on the Island at present, consisting of clover, wild pea-vine, &c, nearly knee high. Panthers are rather numerous, occasionally making off with a young calf. A settler lately saw two large panthers endeavoring to seize a calf, which the mother was defending in the most determined manner, making vigorous thrusts at them with her horns, which they cautiously avoided.

THE ALEXANDRA. — Capt. Moore's fine steamer Alexandra arrived from her experimental trip to New Westminster yesterday afternoon, having left that port at 3:30 a.m. Capt. Moore informs us that when seen by the Otter on Saturday evening he was running his boat over the sands in order to free her bottom from the accumulation of marine productions which had gathered on it for the last 10 months, during which she has lain in this harbor. On Sunday, Capt. Moore took a run up from New Westminster to Pitt river, and expresses himself highly satisfied with the performance of the boat in the rapid currents of the Fraser. She came down yesterday morning under 30 pounds of steam, which, however, was allowed to increase to 85 pounds as she came into the harbor. Capt. Moore expects to be able to make the run from New Westminster to Victoria in 5½ hours.

THE EXPLORING EXPEDITION.—His Excellency Governor Kennedy has been pleased to appoint Dr. Robert Brown, commander of the exploring expedition, to be agent for the government during the exploration. His Excellency has also signed all the other commissions and the regulations of the expedition. The party will start from this city today, at 12 o'clock, in the gunboat Grappler. His Excellency will go down to the wharf to see them off, and will address them a few works of advice and caution before they go on board.

☞ The gunboat Grappler arrived in the harbor yesterday afternoon having received orders from Admiral Kingcome to be in readiness to convey the exploring party to the starting point of their labors, which will be at Somenos Village, Cowichan. Here the party will engage guides, and proceed to the Great Cowichan Lake, after exploring that region they will strike across the island to the west coast.

THE CARIBOO STAGE LINE.—We have received a letter from a traveller by Barnard's stage line to Cariboo, complaining in rather severe terms of negligence and delay in the management of the stages. Judging, however, from Mr. Barnard's well known carefulness and business habits, we refrain from publishing the charges unless confirmed beyond dispute.

CITY COUNCIL.—A meeting of the Council was called for last night, to receive His Excellency's despatch in reference to the $6000 advanced to the city by the Government; there was not however a quorum present.

HIGH PRICE.—The sum paid by Governor Seymour for the Leviathan was $2300—rather a stiff price, but the Governor, having taken a trip on her while in Portland, *en route* to this city, doubtless took a fancy to the saucy little craft.

THE HOUSE OF ASSEMBLY will meet today, when the Chairman of the Crown Lands Committee will present his report.

THE BUTE EXPEDITION.

Governor Seymour declines to accept our Volunteers.

The following is the reply of the Governor of British Columbia to the offer of assistance from this colony to punish the Chilcoaten murderers:

BRITISH COLUMBIA,
New Westminster, 4th June, 1864—8 A. M.

SIR,

I had the honor to receive late last night your letter of 2nd instant, forwarding a copy of certain resolutions adopted at a public meeting held in Victoria to consider the state of affairs growing out of the late massacre on the Bute Inlet trail. May I request that your Excellency will have the goodness to convey in any manner you may think fit to the people of Vancouver Island, my thanks for the resolutions passed at the meeting, and the consequent enrolment of volunteers to serve if called upon against the Chilcoaten Indians in this colony.

These volunteers will, I have no doubt, attribute to none but proper motives the hesitation I feel in accepting their offer of assistance. The time may perhaps come when I may have to call for their services, but it has not yet arrived.

There is nothing unfriendly or disrespectful to the people of Victoria in my declining to avail myself immediately of their offer of assistance. I have already pressing upon me for employment in support of the law, the New Westminster Rifle Volunteer Company, and the Hyack Fire Brigade, two bodies I believe of admirable efficiency. Individual offers of service have likewise poured in upon me to an extent which would enable me to enrol a force greatly exceeding in numbers the whole Chilcoaten tribe.

The meeting in Victoria was held, I gather from the public prints of the Island, in consequence of tidings of a fresh Indian Massacre having just been received from Nanaimo, brought down it was said to that town by Mr. Brew. Now Mr. Brew's information respecting the alleged second massacre in the interior of British Columbia, was derived solely from the Vancouver Island newspapers. Thus the rumor which caused so much excitement and led to the public meeting, was merely the echo from Nanaimo of Victoria news. We have no authentic intelligence of any Indian outrage having succeeded the massacre of the road party on the Bute Inlet trail. Unquestionably, however, while the gang of murderers is at large, the lives of the white men about the Chilcoaten Lakes are in most imminent danger, if they have not already been sacrificed.

On the much delayed receipt by me of the intelligence of the melancholy affair at Bute Inlet, I at once placed myself in communication with my predecessor, as to the measures which should be adopted. His Indian experience and reputation for energy pointed Sir James Douglas out to me as my best counsellor. He told me that "a party should be at once sent in the gunboat to the Inlet to pick up survivors, and to give information of the Indians' movements. Then a party should be organised, to consist of about 30 men, well mounted, equipped, and provided with ammunition, under a proper leader, to go round to Alexandria, and that rewards for each man concerned in the murder should be offered—say $100 to $200. He thought the catching of them would be certain, but a matter of time—three months or so."

In every respect my predecessor's suggestions have been exceeded by my actions, and additional steps, equalling at least in vigor any yet taken, would long ere this have been adopted had I received the co-operation I anticipated from a branch of Her Majesty's service, seldom slow in protecting the lives of our fellow-countrymen, and supporting the authority of the law. I trust that I shall even yet, without any more wearying delay, have the means placed at my disposal for penetrating into the Chilcoaten country from Bentinck Arm, and forming a junction with the force from Alexandria, near Bute Inlet. I may possibly accept for this service some of the Victoria volunteers, but I scarcely think that I shall have to do so. Should, however, any of these gentlemen join the expedition, I would inform them at the outset that their duties will not probably be of that exciting kind which tempt young men from their homes. We are not at war with the Indians, and the energy of the volunteers restrained by their oaths as special constables, will probably have only to be directed towards making passable for themselves and packers the many swamps and rocks which impede their progress. We apprehend no serious resistance from the small band of assassins who even though excited by ill-usage would not have dared to face the men who fell their victims.

Should circumstances change, and isolated massacres prove, contrary to my expectation, to be the prelude to a general insurrection among the tribes between the upper Fraser and the sea, I shall earnestly invoke the assistance of the Victoria Volunteers. I have no doubt that in such a case they will promptly respond to the call, and render us good service side by side with their brother-colonists of British Columbia.

I have the honor to be, sir,
Your obedient servant,
FREDERICK SEYMOUR.

His Excellency Arthur Edward Kennedy, C. B., &c., &c. &c.

D & D.—Michael Kearney was brought up in the Police Court yesterday charged with being drunk and disorderly in the streets on Sunday night. Michael denied the charge indignantly; he admitted that he had been drinking a good deal, indeed he always did so, "but shure, Yer Honor, a man may drink a good deal of whisky and not get dhrunk!"

The Magistrate—Have you any witnesses to show that you were not drunk?

Kearney—Yer Honor, there wasn't a livin' sowl there but the police—two specials and five of thim regulars, an' they made a combination agin me and locked me up all night!

The Magistrate—Well if you have no witnesses, I'm afraid I must fine you 5s.

Kearney—Well, 5 shillins isn't much, but how do I know they wont take me up agin, as soon as I'm out?

Magistrate—Then they will probably fine you 5s more!

Michael here "potlatched" the fine very grumblingly, and was allowed to depart.

A HUMAN CATAPULT.—A brawny savage was brought up before Mr. Wood yesterday, charged with throwing a large stone at a man in the street. The stone missed the man aimed at, but struck a bystander on the shoulder, and glancing off gave another man a severe blow on the leg. The missile was hurled with great force, and had it been a few inches higher might have fractured the bystander's skull. The magistrate dismissed the case, as the complainant had not been struck intentionally. Verily, stone-throwing in the public streets is a cheap amusement, and will doubtless become a favorite pastime with the *siwashes* when they see that it may be practised with impunity, even when it is at the expense of white men.

LEGISLATIVE COUNCIL.—This body held no meeting yesterday on account of several of the members being in attendance at the Executive Council.

NORTHERN INDIANS.—Several large war canoes filled with Fort Rupert Indians arrived in the harbor yesterday morning.

ANOTHER.—Frank Perry, a "D. D." paid his "five bob," in the Police Court yesterday and was discharged.

MAXIMILIAN AND THE HOUSE OF HAPSBURG.—There is a new hitch in the Mexican arrangements. The House of Hapsburg, it appears, think that if Archduke Maximilian accepts a throne in Mexico he ought to give up his rights in Europe, which are considerable, he standing next in succession after a child of six; but the Archduke is not willing, and furious quarrels are the result. The Emperor of the French even has been compelled to intervene, and has, it is believed, addressed sharp remonstrances to the Kaiser and his brother. According to the latest telegram the differences have been composed, the Archduke being placed second instead of next in succession after the Kaiser's children; but the quarrel bodes ill for the future of Mexico. Men who accept thrones should be willing to die on them.

SUMMARY COURT.

(BEFORE CHIEF JUSTICE CAMERON)

MONDAY, June 6th.

Bunting and Dods *v.* H. Walton (late Walton & Barnett.) This was a suit to recover certain moneys for goods supplied to Ross before his death. It appears from the evidence that, before their dissolution of partnership and prior to the death of Ross, Messrs. Walton & Barnett guaranteed to Messrs. Bunting & Dods the payment for any goods which the said Ross might require. After the dissolution of partnership was advertised in the Victoria papers, the plaintiffs still continued to supply goods to Mr. Ross, taking no notice of the advertisement, and after the death of Ross they sent in their claim to Mr. H. Walton, holding him responsible, under the guarantee of the late firm given before the death of Ross. It was proved in the defence that the amount sent in by the plaintiffs was dated after the notice of dissolution was advertised, and that the demand on defendant was made after the death of Ross. The judge then caused the plaintiffs to be *non-suited*, at the same time recommending them to make claim upon the estate of the late Ross, which Mr. Walton, the trustee, stated would shortly be in a position to meet all demands.

Abraham Belasco *v.* John Lang Taylor—Mr. W. S. S. Green for plaintiff, and Mr. Robt. Bishop for defendant. This was an action brought to recover $162, alleged to be due the defendant for two months' rent, and for damages done to the premises and furniture lately occupied by the defendant.

There seemed to be considerable difference of opinion between the witnesses called by plaintiff and defendant, and a little hard swearing took place. It appears from evidence that the defendant became the purchaser of a lease of certain premises in Oriental Alley, known as the Oriental Restaurant, together with all the furniture, which sale was made by the Trustees in the assigned estate of Mr. Mike Cohen. At the time this was effected the defendant was the occupier of the premises, under lease from Mr. Mike Cohen. The plaintiff sought to make the defendant liable for damages alleged to have been done to the house and the furniture, by virtue of the agreement of lease between defendant and Mr. Mike Cohen. The counsel for the defence contended that the lease of the premises and the furniture had merely been sold to the plaintiff by the assignees of Mr. Mike Cohen, and that there could not be any assignment or transfer of the covenants of the agreement between Cohen and the defendant to the plaintiff, therefore, if there existed any cause of action in this case, with regard to damages, it could only be brought forward by Cohen.

His Lordship, after listening to a great deal of questioning and crooked answering, reserved judgment.

James Griffin, Bankrupt.—An application was made by Mr. G. E. Dennes, to obtain the protection of the Court for his client. The application was opposed by Mr. Drake on behalf of the creditors, stating that the bankrupt had not given up any books or statement of his affairs, and that he confessed to having possession of considerable property of which no account had been given. His Honor ordered the Bankrupt back to prison until the next hearing.

Several other actions for small debts were brought forward and disposed of.

A GOOD WORD FOR THE HOLSTEINERS.

The following extract from a private letter has been handed to us for publication. The ideas contained are those which have been broached by several of the London journals, and, so far as Holstein, but assuredly not Schleswig, is concerned, meet with considerable favor:

LONDON, March 28, 1864.

"We were at the Frankfort Parliament exactly fifteen years ago; we passed three weeks at Easter, 1849, there, and heard the Schleswig-Holstein question amply discussed. Then in 1856 we went to Kiel in Holstein, by Hamburg, on our way to Christiania, and of course we enquired a good deal into the truth of all the stories that we had heard at Frankfort and since; we became acquainted with English merchants settled there and others, and were introduced to many clergymen who had been expelled from their parishes by the Danish Government, because they refused to preach in Danish to German congregations — in short to co-operate in *Danicising* Schleswig.

Ever since we were there I have lost no opportunity of endeavoring in every way in my power to obtain justice for these German subjects of Denmark. I often made attempts to help them which were utterly vain, and for years there was not one single member of the House of Commons who took the same view that I did, or cared at all on the subject; now it has produced war, and there will be difficulty in preventing it becoming an European war.

What I think we ought to struggle for is that the inhabitants of the Duchies, who are an excellent people, (I do not believe that in Europe there is a more intelligent, well to do industrious, religious population,) should not be forced under the Danish Government against their consent; but I am not at all sure that such is the view of Lord Palmerston and our Government.

I do not defend what Austria and Prussia are doing in the affair. I don't think we know what they aim at; very likely Prussia is trying to obtain for herself a part of Holstein, the admirable harbor of Kiel, and, with this view, takes advantage of the present hostile feeling prevalent in Germany against Denmark to attack Denmark. With any such object entertained by Prussia, I should, of course, have no sympathy. Kiel is in Holstein, and Holstein ought to be for the Holsteiners, not for the Prussians.

AUSTRALIA.

The screw steam-ship Great Britain, arrived in Liverpool April 6th, from Melbourne with dates to the 27th of January, 424 passengers, and 63,000 ounces of gold dust on freight.

The third Session of the third Parliament of Victoria was opened on the 26th of January, and the Chief Secretary laid on the table of the Assembly the despatch of the Duke of Newcastle stating that there was no intention of sending convicts to any part of Australia, excepting only that colony situate at a great distance from all the others to which convicts have already been sent for several years past.

The Post-office revenue was said to be deficient for the year of £35,000, and it was stated the reduction of the postal rate to 2d. would occasion a further loss of £26,000, and that to frank newspapers to Great Britain would cost the colony £12,000 per annum.

At Adelaide orders had been received to stop any further enrolment of Volunteers for New Zealand, 40 men had previously enlisted.

The biddings for choice lots of wool were brisk at the auction sales on the 26th, but for inferior sorts there was very little competition.

CHINA.

(CORRESPONDENT BULLETIN.)

HONGKONG, March 31, 1864.

The Alabama has not been heard from since her appearance in the Bay of Bengal, and it is confidently believed that she has gone to Mauritius with the design of returning to the Atlantic. Her visit to these waters has been the effect of almost destroying freights for American vessels, but there is now a slight improvement. The Helios, Derby, and Clara Morse are on for your port. The J. L. Dimmock, formerly American, but now under British colors will leave soon.

The general success of the Imperialists and the decline of the rebellion is a fact which can no longer be denied.

There is nothing of general interest occurring here.

[A postscript to a private letter received here, dated Hongkong, April 21—just when the Bremen ship Olbers was leaving port—says:

The Canton (Danish vessel) has picked up the crew of the Hamburg bark San Francisco, Capt. Bendixen, which vessel was lost near Saigon.] (The San Francisco left Alberni last fall with lumber for Hongkong.—ED.)

The *Evening Star* is the name of a new daily Union paper published at Sacramento by a printing association. It is about the size of the Sacramento *Bee*.

ENGLISH ITEMS.

THE ROYAL BABY.—The Royal baby has been vaccinated. According to the official announcement "the infant has passed through the various stages of the process in the most satisfactory manner," or as ordinary Englishmen say, the vaccine took.

THE QUEEN.—The *Spectator*, speaking of her Majesty, says:—On Wednesday the Queen visited the Horticultural Gardens, where about 30 0 visitors were collected; on the 6th of April a reception will be given to all the diplomatic body, and on the 13th a Court will be held for "a limited number of distinguished persons." There has been a great deal of recrimination in the papers as to the propriety of mentioning the irritation of the Londoners at the absence of their Sovereign, but it seems a little absurd. It is certainly no ill compliment to tell the Queen that her people wish to see her among them, the insult would lie in affirming just the reverse.—There is a disposition among the press just now to affect a worship of the Court which will before long produce a dangerous reaction. The penny press in particular indulges in language which must be as sickening to the Palace as it is to all people who remember that England remains still, in theory at least, a constitutional monarchy. The nation respects itself in respecting its present Sovereign, but there is a line between respect and adulation, and it is overstepped when her Majesty is told that a tree will grow the faster because planted by Royal hands.

THE LONDON VOLUNTEERS.—The review of the London Volunteers, which now takes place every Easter Monday, was held this year upon Farley Heath. Sixteen thousand men were transported by two railways without difficulty to the spot, and the manœuvres were only impeded by the want of sufficient space. The firing was remarked as particularly quick and heavy, and only two serious accidents occurred—one to a volunteer who broke his leg, and another to a clergyman, who was pierced by a ramrod through the groin, and has since died. The "march past," which usually closes the review, was this year rendered impossible by want of space and the pressure of the crowd.

GARIBALDI IN ENGLAND.—The entry of Garibaldi in London has been fixed for Monday—it was Saturday, but the court selected accidentally the same hour for a grand reception—and the committee have chosen a very curious route. Instead of coming to the Waterloo station, the General is to leave the railway at Nine Elms, then proceed through one of the most dense of the Irish quarters, by Westminster Bridge to Stafford House. If the committee wished for a riot they could not have chosen a better route, and we trust Cardinal Wiseman has received a hint as to his responsibility. There is not a Minister in the House against whom it would be so easy to carry a vote of censure as Sir George Grey. The Corporation of London has, we perceive, done itself the honor to vote Garibaldi the freedom of the City; and most of the large towns are voting him addresses. Even the German refugees, who are all for suppressing Denmark, intend to present him with an address in honor of his success in doing that which they condemn the Danes for attempting to do. Independence and unity is a grand cry, but it sounds as well in Danish as in Italian.

THE POPE.—On Easter Sunday the poor old Pope was just able to give his benediction "Urbi et orbi" in St. Peter's. He appeared, it is said, greatly changed since his last great "function" on Christmas Day. The Church was filled with French soldiers, and when after a long delay the "silver trumpets"—which the *Times'* correspondent tells us are only a brass band—sounded from the high balcony, the Pope was carried towards the altar in his chair, from which he never moved. His voice, usually clear and sonorous, was scarcely heard in the responses to the Mass; and when he came to pronounce his benediction inside the church—for the day was too thoroughly wet for the open air—he was so much overcome with emotion that he paused and covered his eyes; then, at length commanding his voice, he completed the far aiming if not far reaching benediction, which the cannons took up and proclaimed to the city at least and so much of the surrounding "orb" as the waves of sound could reach. There are few sadder spectacles than the melancholy which sometimes falls on the enthusiast, when towards the close of a long career of eagerly nursed faith God seems to dishonor his hasty drafts on the decrees of Providence. No doubt the poor old Pope repeats bitterly in his heart "Where is the promise of His coming?" when he sees his own life flickering in the socket, feels that even what he has left is due to the French mercenaries, and looks at the rapidly vanishing temporal dominion which he can alone transmit to his successor.

THE MINISTERIAL CHANGES.—Speaking of the recent Ministerial changes, the *Spectator* says:—Four changes in the Ministry have been announced this week.—His Grace the Duke of Newcastle is too seriously ill to retain office, and the Cabinet loses the advice of an experienced and able, though somewhat impulsive man. The Secretary-ship of the Colonies thus vacant has been filled by Mr. Cardwell, a statesman who adds, if nothing else, at least ballast to the good ship, and Lord Clarendon has accepted the Duchy of Lancaster, perhaps with a promise that he shall represent England at the approaching Conference. Mr. Stansfeld, baited by the Tories and the French Court till his connection with the Government had become a source of weakness, has generously resigned, and it is rumored that he will be succeeded by Mr. Chichester Fortescue, with a Privy Councillorship as compensation. That gentleman is Under Secretary for the Colonies, but as his new chief is a commoner the office can be more conveniently held by a Peer.

AN OLD MIRACLE PLAY.—A correspondent of the *Times* states that the old miracle plays are still acted at Manaco, which is now French territory. He saw the performance himself on Good Friday, and appears to have been about equally interested and horrified. The procession moved from street to street, the performers acting the expulsion of Adam and Eve, and all the more solemn scenes in the last days of the life of Christ, except the Crucifixion. The actors, he says, were becomingly serious, but to the crowd the show was a mere pageant, a carnival. The effect of such representations seems to depend to a curious degree upon the character of the people who witness them. They would be most mischievous in England, where people never succeed in believing in the actors who charm them; but in the Tyrol the people are often profoundly and not unhealthily moved by these representations.

TRADE AND REVENUE.—The Trade and Revenue Returns for the year have been published, and are really extraordinary. The total amount after all remissions of taxation is £70,208,964, against £70,603 561, last year, and as Mr. Gladstone demanded only about £67,200,000, he has a surplus of nearly two millions and a half. This result has been produced in spite of a remission of the income-tax to the amount of £1,483,000, and of the great reduction on tea, by the steady rise in every other branch of the revenue,

DANUBIAN INSURRECTION.—Rumors are spreading rapidly of an insurrection preparing on a grand scale in the Danubian provinces. The princes of Moldo Wallachia, Servia, and Montenegro are said to have come to an agreement, and they can place among them a fairly equipped army of 150,000 men in the field. Arms have been imported in profusion into Servia, at all events.

Holloway's Ointment and Pills—Diseases of the Skin.—No case of the disease of the skin, be its nature what it may, has failed to be benefitted when these potent remedies have been properly applied. In scrofulous and scorbutic affections they are especially serviceable. Scurvy and eruptions which had resisted all other modes of treatment and gradually become worse from year to year have been completely cured by Holloway's cooling Ointment and purifying Pills, which root out the disease from the blood itself, and leave the constitution free from every morbid taint. In the nursery Holloway's Ointment should be ever at hand. It will give ease in sprains, contusions, burns, scalds and infantile eruptions, and may always be safely applied by any ordinary attendant.

HOLLOWAY'S PILLS.—Hale Constitution.—When the human frame has become debilitated from the effects of exposure, excesses or neglect, these Pills will repair the mischief, if they be taken according to the lucid directions wrapped round each box. Holloway's Pills exert the most exemplary tonic qualities in all cases of nervous depression, whereby the vital powers are weakened, and the circulation is rendered languid and unsteady. They improve the appetite, strengthen the digestion, regulate the liver, and act as gentle aperients. These Pills are suited to all ages and all habits. A patient writes:—"Your Pills, to be valued, require only to be known. During many years, I sought a remedy in vain, was daily becoming weaker when your Pills soon restored me."

CALIFORNIA.

EXECUTION AT SACRAMENTO.—William Williams, who was convicted nearly four years ago of having murdered, in a horrible manner, an old man named A. Blanchard, in San Joaquin township, Sacramento county, was hanged, on May 20th, about a mile from Washington, in Yolo county. He was found guilty in 1860, but the case was appealed; he was again sentenced to death in August, 1862, but other delays intervened, till the execution was at last fixed for the 3d ult. Petitions for pardon were again circulated, which postponed the execution till the 20th when he was hanged. He was a Welshman, and was 37 years of age.

SACRAMENTO MERCHANTS COMING TO SAN FRANCISCO.—Many of the heaviest merchants of Sacramento are removing their places of business to San Francisco. Within the past month the largest drug house and the principal wholesale confectioner from that city have opened business here. The reasons for the change are that taxes are somewhat lighter in San Francisco than in Sacramento, and the former place is looked upon as possessing fully as great commercial advantages as the latter.

REMARKABLY QUICK TRIP.—The Stockton *Independent* states that the passengers who left San Francisco April 23rd, on the Opposition Line for New York, reached their destination in the short period of twenty-two days.

A NEW LITERARY PAPER.—"*The Californian*" is the name of a new, first-class literary journal, about to make its appearance in San Francisco. C. H. Webb, one of the most sprightly, graceful and accomplished writers in this state, is announced as the editor and proprietor. Mr. Webb is well known to Californians, from his former connection with the *Bulletin*, of which paper he was the popular "local," for a year or so.

STRUCK BY LIGHTNING.—The Golden Gate Hotel, at Onion Valley, was struck by lightning on the 15th, slightly injuring several persons, one of whom, Miss Mary Eaton, had one of her limbs paralysed for several hours by the shock.

FROZEN TO DEATH.—Judge Ralston of Austin, Reese river, was lately found frozen to death on a ranch near that place. He had been dead several days when his body was found, and it was presumed he lost his life in one of the recent snow storms there.

Levy and McDougall, the actors in the late shooting scrape in San Francisco, have been tried before Judge Shepherd and convicted as follows: D. S. Levy, fine of $100 or 50 days imprisonment; Robert McDougal, fine of $40 or 20 days imprisonment; J. W. Lees, fine of $15 or imprisonment for 7 days.

Julia Dean Hayne and Harry Courtaine are still playing with success in the Metropolitan.

Mr. W. W. Wiggins has resigned the office of Notary Public, which he has held for many years in San Francisco.

Thermometer in Sacramento 98° in the shade on Monday.

MURDERS BY INDIANS.—John W. Berton, H. B Canfield and Perry Van Nostrand, former residents of Sonoma county, in this State, were murdered lately on Queen's river, about 75 miles from Starr city, Humboldt, on their way to Boise. This is the same locality where Dr. Smeathman was murdered.

NECROSIS.

If there be any disease calculated to drain away the life of a man, and weaken the mind and body by its painful slowness, it is the death of any part of the bones. The PERUVIAN SYRUP gives support under the profuse discharge, hastens the separation of the decaying bone, and heals the indolent and irritable ulcers consequent on the long continuance of the unhealthy suppuration.

DR. HOSTETTER'S STOMACH BITTERS.—Wherever there is dyspepsia, they are in demand. Nor is it for indigestion alone that they are a specific. Every disorder of the stomach, the liver, the bowels, and the nervous system, seems to yield to their influence. They are an antidote to pain; they regulate the whole vital machinery, and may be justly termed the strongest ally that science has ever brought to the aid of nature in her struggle with sickness.—Sold by Druggists and dealers everywhere.

INVENTIONS AND PATENTS.—Each year adds almost innumerably to the list of inventors, and still more to that of inventions which are increased by a most uncommon multiple. The fruitful ingenuity of thousands of intellects thus contributes to the comfort, convenience and profit of the community, whilst of a necessity it also numbers the victims of too flattering hope, or of too sanguine a calculation. The list of Patents, active, passive, or neutral—vital or still-born,—productive or exhaustive swells to enormous proportions, but never without more or less advantage from the faculties which it awakens or calls forth, if but for a brief interval into active play. Every invention confers some good upon the world. And those which tend to supply some great wants, or to relieve some great inconvenience, deserve at our hands so much the more commendation, that they cannot be called into existence at our bidding. Amongst those patented inventions which have appeared to illustrate this eventful year, and to figure in the great International contest of ingenuity and industry, though many be more showily represented and more conspicuously marshalled before us, none meets with more personal sympathies than that of the new Osteo-Eidon produced by Messrs GABRIEL, the celebrated Dentists of London, Liverpool, and Birmingham, (as it is evidenced by their being the only dentists chosen on the Committee of the International Exhibition), whose admirable adaption of Artificial Teeth has obtained so high an approval from the profession as well as from the public. The Osteo-Eidon as a base for sets of teeth, obviates all objections applicable to other materials, and whilst firmly seated in the mouth, and free from noxious elements, dispenses with all need of mechanism, and presents an appearance not to be distinguished from that of the natural gums and teeth. Messrs. GABRIEL announce that they submit their laboratories and manufactures to gratuitous inspection during this season. As may be seen by reference to our advertising columns, Messrs. Gabriel supply Artificial Teeth and Gums on their patented system, irrespective of distance.

HOLLOWAY'S PILLS—Nervous Debility—Persons who feel weak, low and nervous may rest assured some serious ailment is looming in the distance against which instant action should be taken. Holloway's Pills present the ready means of exciting energetic action on the liver, liberating accumulated bile, and lifting at once a load from the spirits, and expelling a poison from the body. This simple and natural method of remedying the first tendency to disease gives present ease and insures future safety. The pallid, and all those who are losing flesh should try these Pills which are especially useful when the digestive or other function are imperfectly performed, and demand immediate correction, or, in after years neither mind nor body will be well developed.

Holloway's Ointment and Pills.—Insufficient clothing, and exposure to damp and cold, produce many diseases of the skin, and greatly aggravate the suff rings of the delicate and scrofulous. The Ointment, applied to the part affected restrains all insidious inflammation, while it soothes, cleans, and renders healthy any ulcerations or sores which have destroyed the skin, and show little disposition to heal. This Ointment purifies the blood, renders the local circulation vigorous, and represses excessive irritation. Holloway's Pills are particularly serviceable in all strumous disorders, because they strengthen the stomach, improve the digestion, excite a proper action in the liver, and act as alteratives and aperients.

INVIGORATE THE SYSTEM.—Vigorous digestion and pure bile produce nutritious blood, and nutritious blood a healthy frame. Does the victim of a dispeptic stomach and a disordered liver desire to know how the digestion may be improved, the bile and other fluids of the body purified? DR HOSTETTER'S STOMACH BITTERS will accomplish this desirable revolution in the system regulating the secretions and excretions, giving tone to the animal juices which dissolve the food, strengthen every relaxed nerve muscle and fibre and brings the whole machinery of vitality into vigorous and healthful play.—Sold by all Druggists and dealers everywhere.

DYSENTERY.

For dysentery and similar complaints of the Summer season, the PERUVIAN SYRUP has proved a remarkable preventive and cure. By imparting to the intestinal mucous membrane, it places this surface in the best possible condition to resist the irritation of crude and indigestible articles of food.

HOLLOWAY'S PILLS.—Stomach, Liver, and Bowels.—There is nothing hurtful in the composition of these purifying Pills, nothing that can injure the most delicate constitution. They improve the appetite, quicken the energies of the stomach and liver and regulate the bowels. They are natural, and therefore efficient purifiers and correctives. Few unhealthy conditions of the stomach or digestive apparatus can withstand the accumulative healthy influence obtained over the whole frame when these Pills are judiciously and perseveringly taken by invalids.

HIP DISEASE.

The most that can be expected in this disease is to prolong life, with stiffness or deformity of the hip joint. The PERUVIAN SYRUP will support the strength under the slow and painful ulceration, and will prevent the profuse discharge of matter, which, if opening externally will almost certainly prove fatal.

JUNGERMAN, THE WELL known Jeweler of Yates street, has, in addition to his ordinarily large and fine selection of fine goods, received by the last steamer many of the richest kinds of Jewelry, of the latest manufacture. It is well known that the medicinal effect of Protoxide of Iron is lost by even a very brief exposure to air, and that to maintain a solution of Protoxide of Iron, without further oxidation, has been deemed impossible.

In the Peruvian Syrup this desirable point is attained by COMBINATION IN A WAY BEFORE UNKNOWN; and this solution may replace all the proto carbonates citrates, and tartrates of the Materia Medica.

DR. J. COLLIS BROWNE'S

Chlorodyne.

CHOLERA, DYSENTERY, DIARRHŒA, CRAMP, AGUE, FEVER, RHEUMATISM, CONSUMPTION, ASTHMA, COUGH, &c.

ALL **PAIN, VOMITING AND** DISTRESS ceases in a few minutes after taking a dose of that wonderful SEDATIVE ANODYNE and ANTISPASMODIC remedy, CHLORODYNE, discovered by Dr J Collis Browne M R C S L. (ex-Army Medical Staff,) the recipe of which was confided solely to J. T. Davenport, 33 Great Russell street, Bloomsbury square, London (Pharmaceutical Chemist). The medical testimony of civil, hospital, military and naval practitioners pronounces it INVALUABLE. It relieves pain of any kind, soothes the restlessness of fever, and imparts the most refreshing sleep, without producing or leaving any of the unpleasant effects of opium.

From W. Vesalius Pettigrew, M D., Hon. F.R.C.S., England, formerly Lecturer upon Anatomy and Physiology at St. George's School of Medicine: "I have used it in Consumption, Asthma, Diarrhœa and other diseases, and am most perfectly satisfied with the results."

Dr. Gibbon, Army Medical Staff, Calcutta: "Two doses completely cured me of Diarrhœa."

From C. V Ridout Esq. Surgeon, Egham: "As an astringent in severe Diarrhœa and an antispasmodic in Colic and Cramps in the Abdomen, the relief is instantaneous."

Chlorodyne—Vice Chancellor Sir W. P. Wood, on Jan. 11, pronounced: "that it is clearly proved before the court that Dr. J. Collis Browne was the original inventor and discoverer of a remedy well known as Chlorodyne, and so highly appreciated in India, China, &c."

Extracts from the General Board of Health London, as to its efficacy in Cholera.

1st Stage of Premonitory—In this stage the remedy acts as a charm one dose generally sufficient.

2nd Stage, or that of Vomiting and Purging—In this stage the remedy possesses great power, more than any other we are acquainted with, two or three doses being sufficient.

3rd Stage, or Collapse—In all cases restoring the pulse. So strongly are we convinced of the immense value of this remedy, that we cannot too forcibly urge the necessity of using it in all cases.

From A. Montgomery, Esq., late Inspector of Hospitals, Bombay: "Chlorodyne is a most valuable remedy in Neuralgia, Asthma and Dysentery." To it I fairly owe my restoration to health after eighteen months' severe suffering, and when all other medicines had failed."

Caution—Chlorodyne—In Chancery.

It was clearly proved before Vice-Chancellor Sir W. P Wood, by affidavits from eminent hospital Physicians of London that Dr. J. Collis Browne was the discoverer of Chlorodyne; that they prescribe it largely, and mean no other than Dr. Browne's. See Times, Jan. 12, 1864. The public, therefore, are cautioned against using any other than Dr. J. COLLIS BROWNE'S CHLORODYNE. No home should be without it. Sold in bottles, 2s 9d and 4s 6d, by J. T. Davenport, 33 Great Russell street, London, W. C. sole manufacturer. Observe particularly, none genuine without the words "Dr. J. Collis Browne's Chlorodyne" on the Government Stamp. ja24 1yw

HELMBOLD'S

Genuine Preparation.

HIGHLY CONCENTRATED

Compound Fluid Extract

BUCHU!

A Positive and Specific Remedy

FOR DISEASES OF THE

BLADDER, KIDNEYS, GRAVEL,

—AND—

Dropsical Swellings.

THIS MEDICINE INCREASES THE POWER of Digestion, and excites the ABSORBENTS into healthy action, by which the WATERY OR CALCAREOUS depositions, and all UNNATURAL ENLARGEMENTS are reduced, as well as PAIN AND INFLAMMATION, and is good for

MEN WOMEN, AND CHILDREN

HELMBOLD' EXTRACT BUCHU,

FOR WEAKNESS

Arising from Excesses, Habits of Dissipation, Early Indiscretion or Abuses, attended with the following Symptoms:

Indisposition to exertion, Loss of Memory, Weak Nerves, Horror of Disease, Dimness of Vision, Universal Lassitude of the Muscular System, Hot Hands, Dryness of the Skin, Loss of Power, Difficulty of Breathing, Trembling, Wakefulness, Pain in the Back, Flushing of the Body, Eruptions on the Face, Pallid Countenance

These symptoms, if allowed to go on, which this Medicine invariably removes, are followed by

Impotence, Fatuity, Epileptic Fits,

In one of which the patient may expire. Who can say that they are not frequently followed by those "DIREFUL DISEASES,"

"INSANITY AND CONSUMPTION."

Many are aware of the cause of their suffering, but none will confess.

The Records of the Insane Asylums, and the Melancholy Deaths by Consumption,

Bear ample witness to the truth of the assertion. The CONSTITUTION ONCE AFFECTED WITH ORGANIC WEAKNESS requires the aid of medicine to strengthen the system, which

HELMBOLD'S EXTRACT BUCHU

Invariably does. A trial will convince the most skeptical.

Females, Old or Young, Single, Married or Contemplating Marriage.

In many affections peculiar to Females, the EXTRACT BUCHU is unequalled by any other Remedy, as in Chlorosis or Retention, Irregularity, Painfulness or Suppression of Customary Evacuations Ulcerated or Schirrous State of the Uterus, Leucorrhœa or Whites, Sterility, and for all complaints incidental to the sex, whether arising from indiscretion, habits of dissipation, or in the decline or change of life as the symptoms above

NO FAMILY SHOULD BE WITHOUT IT.

Use Helmbold's Extract Buchu

For all affections and diseases of the URINARY ORGANS, whether existing in MALE or FEMALE, from whatever cause originating, and no matter of how LONG STANDING. Diseases of these organs require the aid of a DIURETIC.

HELMBOLD'S EXTRACT BUCHU

Is the great Diuretic, and it is certain to have the desired effect in diseases for which it is recommended. Evidence of the most responsible and reliable character will accompany the medicines.

CERTIFICATES of CURES

From eight to twenty years standing, with names known to Science and Fame.

HELMBOLD'S EXTRACT BUCHU

CURES

Secret Diseases

In their last stages; little or no change in diet; at little expense; no inconvenience, and no exposure. It causes a frequent desire and gives strength to urinate thereby removing obstructions preventing and curing Strictures of the Urethra, allaying pain and inflammation, so frequent in the class of diseases, and expelling all poisons, diseased and worn out matter. Thousands upon thousands who have been the victims of quacks, and who have paid heavy fees to be cured in a short time, have found they were deceived, and that the "poison" has, by the use of "powerful astringents," been dried up in the system, to break out in an aggravated form, and PERHAPS AFTER MARRIAGE.

MEDICAL ASSISTANCE.

RADWAY'S READY RELIEF.

THE GREAT EXTERNAL AND INTERNAL REMEDY, STOPS THE MOST EXCRUCIATING PAIN IN A FEW MINUTES, AND RAPIDLY CURES THE PATIENT.

RADWAY'S READY RELIEF

Proves its superiority to all other Medicines at once.

ITS FIRST INDICATION

Is to relieve the sufferer of PAIN, no matter from what cause it may originate, or where it may be seated.

If in the Head, Face, or Throat;
If in the Back, Spine, or Shoulder;
If in the Arms, Breast, or Side;
If in the Joints, Limbs, or Muscles;
If in the Nerves, Teeth, or Ears;

Or in any other part of the body, its application to the part or parts where the pain exists will afford immediate relief.

IF SEIZED WITH PAIN

In the Stomach, Bowels, or Kidneys;
In the Bladder, Spleen, or Liver;
In the Teeth, Ears, or Throat;
In the Brain or Nervous System;

One teaspoonful of RADWAY'S READY RELIEF to a wineglass of water will, in a few minutes, restore the patient to ease and comfort.

If Lame, Crippled, or Bed-ridden;
If Palsied, Scalded, or Burned;
If Bruised, Wounded, or Cut;
If Strained, Injured, or Disabled;
If Sun stroke, or seized with Fits;
If Weak in the Spine or Back;

RADWAY'S READY RELIEF

should be applied to the part or parts afflicted. It instantly relieves the patient from pain, and quickly heals, soothes, and strengthens the disabled parts. In all cases of Bites of Rabid Dogs, Reptiles, Stings of Poisonous Insects, the application of RADWAY'S READY RELIEF to the wound will prevent inflammation and mortification.

FEVER AND AGUE.

Persons exposed to the Malaria of Ague, or if seized with Chills and Fever, will find a positive Antidote and Cure in Radway's Ready Relief. Let two teaspoonful of the Ready Relief, in a wineglass of water, be taken on getting out of bed in the morning, and however exposed to malaria you will escape.

WHEN SEIZED WITH

CHOLERA, or Diarrhœa, or Flux,
Dysentery, Cramps, and Spasms;
Bilious Cholic, or Gastritis;
Scarlet, Typhoid, or other Fevers;
Influenza, Coughs, or Colds;
Inflammation of the Stomach or Bowels;

RADWAY'S READY RELIEF

SHOULD BE TAKEN INTERNALLY.

One dose will stop the pain; its continued use will, in a few hours, cure the patient.

HOW IT CURES.

The secondary indication of RADWAY'S READY RELIEF is to cure the patient of the disease or malady that occasions the pain; this it accomplishes rapidly and radically. *So swift* is the patient transformed from pain, misery, weakness, and decrepitude, to the delightful enjoyment of health and strength, that patients frequently ascribe its talismanic power to the supernatural influence of enchantment.

RHEUMATISM, LUMBAGO, GOUT, NEURALGIA, TOOTH ACHE, CROUP, INFLUENZA, SORE THROAT, QUINZY, DIPTHERIA, HOARSENESS, BRONCHITIS, STIFF JOINTS, ENLARGED TENDONS, HEADACHE, (Sick or Nervous,) ASTHMA, or HARD BREATHING.

It is truly marvellous how quick RADWAY'S READY RELIEF cures the sufferers of these maladies. The poor, crippled, and pain-stricken Rheumatic has not to wait days before a change takes place, but in a few minutes derives ease and comfort.

LONDON TIMES.

Twenty Years of Sleepless Nights.

Wm. Sydney Myers, Esq., of Havana, Cuba, the correspondent of the London Times, suffered with Acute and Chronic Rheumatism for twenty five years, and for twenty year he had not enjoyed one whole night's calm rest. He applied RADWAY'S READY RELIEF—it immediately gave him ease and secured him the first calm and undisturbed sleep during the twenty years. The continued use of the READY RELIEF cured him.

PREVENTION BETTER THAN CURE.

THERE IS NO OCCASION FOR SICKNESS.

When you first feel pain, then take a teaspoonful of the READY RELIEF, in water; or apply it to the parts where you feel the discomfort.

ALL MALIGNANT DISEASES

first give warning of their presence, and if met promptly before they become securely intrenched within the system, will be readily expelled.

SIGNS OF SICKNESS.

Headache, Pains in the Limbs—in the Stomach, Bowels, and Kidneys—Cold Chills, and Hot Flushes, Coated Tongue, Burning Skin, Nausea, Shivering, Dullness, Loss of Appetite, Restlessness, Giddiness, &c., &c., are premonitory symptoms of Malignant Diseases. One dose of the READY RELIEF is sufficient to break up and expel diseased action, and restore the patient to health.

IN THE ARMY.

Dysentery, Bilious Cholic, Flux, Yellow, Typhoid and Malarious Fever, Rheumatism, Small Pox, Diptheria, Letters from Medical Directors, Surgeons, and Military Officers endorse the importance of RADWAY'S READY RELIEF over all other medicinal remedies.

EIGHTH MAINE

Eighth Maine regiment, Serg't C. P. Lord, writes that Radway's Ready Relief saved the regiment from death while quartered at Tybee Island, S. C., when working in the swamps, erecting fortifications. Every man seized with Typhoid and other Fevers, Fever and Ague, Diarrhœa, Dysentery, Rheumatism, was cured by the use of the Ready Relief.

CAUTION.

In all cases ask for Radway's Ready Relief. Take no other. See that the signature of Radway & Co is on the outside label of each bottle. Every agent is supplied with a new and fresh stock. Price 25 cents per bottle. Sold by Druggists, Merchants and country storekeepers.

Holloway's Ointment.

Bad Legs, Ulcerous Sores, Bad Breasts and Old Wounds.

No description of wound, sore or ulcer can resist the healing properties of this excellent Ointment. The worst cases readily assume a healthy appearance whenever this medicament is applied; sound flesh springs up from the bottom of the wound, inflammation of the surrounding skin is arrested, and a complete and permanent cure quickly follows the use of the Ointment.

Piles, Fistulas and Internal Inflammation.

These distressing and weakening diseases may with certainty be cured by the sufferers themselves, if they will use Holloway's Ointment, and closely attend to the printed instructions. It should be well rubbed upon the neighboring parts, when all obnoxious matter will be removed. A poultice of bread and water may sometimes be applied at bed time with advantage: the most scrupulous cleanliness must be observed. If those who read this paragraph will bring it under the notice of such of their acquaintances whom it may concern, they will render a service that will never be forgotten, as a cure is certain.

Rheumatism, Gout and Neuralgia.

Nothing has the power of reducing inflammation and subduing pain in these complaints in the same degree as Holloway's cooling Ointment and purifying Pills. When used simultaneously they drive all inflammation and depravities from the system, subdue and remove all enlargement of the joints, and leave the sinews and muscles lax and uncontracted. A cure may always be effected, even under the worst circumstances, if the use of these medicines be persevered in.

Eruptions, Scald Head, Ringworm, and other Skin Diseases.

After fomentation with warm water, the utmost relief and speediest cure can be readily obtained in all complaints affecting the skin and joints, by the simultaneous use of the Ointment and Pills. But it must be remembered that nearly all skin diseases indicate the depravity of the blood and derangement of the liver and stomach: consequently in many cases time is required to purify the blood, which will be effected by a judicious use of the Pills. The general health will readily be improved, although the eruption may be driven out more freely than before, and which should be promoted; perseverance is necessary.

Sore Throats, Diptheria, Quinsey, Mumps and all other Derangements of the Throat.

On the appearance of any of these maladies the Ointment should be rubbed at least three times a day upon the neck and upper part of the chest, so as to penetrate to the glands, as salt is forced into meat. This course will at once remove inflammation and ulceration. The worst cases will yield to this treatment by following the printed directions.

Scrofula, or King's Evil, and Swelling of the Glands,

This class of cases may be cured by Holloway's purifying Pills and Ointment, as their double action of purifying the blood and strengthening the system renders them more suitable than any other remedy for all complaints of a scrofulous nature. As the blood is impure, the liver stomach and bowels being much deranged, require purifying medicine to bring about a cure.

Both the Ointment and Pills should be used in the following cases:

Bad Legs	Chiego-foot	Fistulas	Sore-throats
Bad Breasts	Chilblains	Gout	Skin-disease
Burns	Chapped Hands	Glandular	Scurvy
Bunions	Corns (Soft)	Swellings	Sore-heads
Bite of Mosquitoes and Sand-Flies	Cancers	Lumbago	Tumours
Coco-bay	Contracted and Stiff Joints	Piles	Ulcers
Scaids	Elephantiasis	Rheumatism	Wounds
			Sore Nipples

BUCKEYE MOWER.

TO FARMERS:

WE, WITH GREAT CONFIDENCE, offer the Buckeye Machine for this reason: Knowing it to be superior to any Mower for sale, and that it will sustain the reputation it has made for the past three years in surpassing any other Mower in the following respects:

Being better Made; much Stronger and more Durable; will Run Lighter; Cut much closer with greater ease to the team, and no side draught.

We can bring twenty Farmers to say the BUCKEYE is SUPERIOR to any Mower, to one who can be found prejudiced against it.

The Buckeye Mowers are of two sizes, cutting 4 feet, and 4 feet 8 inches.

The "Buckeye" as a Reaper.

The important advantages which belong to the BUCKEYE as a mower are retained in the Reaper, and can be used either as a Mower or Reaper by attaching the Platform and Reel.

Though importing largely of them, we have been unable, for two years, to supply the demand.

They are better adapted to the wants of California Farmers than any Combined Machine for sale. It will adapt itself to every surface of ground, will run lighter and deliver its grain easier and better than any other Reaper. The Reaper's seat is directly over the axle of the Machine, instead of being on the Platform, where it adds greatly to the draught.

BENSON'S WATCHES & CLOCKS

WATCH AND CLOCK MAKER, BY SPECIAL APPOINTMENT, TO HIS ROYAL HIGHNESS THE PRINCE OF WALES.

Opinions of the London Press upon Benson's Great Clock and Watches in the Exhibition, 1862.

"As a sample of English clock-work on a large scale, the works of this are probably the finest finished that have ever been seen in this country. No Chronometer could be fitted with more perfection or carefully adjusted mechanism.—*Times*, June 11, 1862.

"A triumph of ingenuity."—*Telegraph*, March 31, 1862.

"A more splendid and exquisitely finished piece of mechanism we have never seen."—*Standard*, June 7, 1862.

"... some of them are of great beauty, and if the English watch trade only follow up with the same spirit and success this first attempt to compete with foreigners in decorative watches, there seems to be no reason why we should not get the trade entirely into our own hands."—*Times*, June 23, 1862.

"Ranged around the base of the clock were the Watches which Mr. Benson exhibited, and which have been universally admired for the beauty and elegance of the designs engraved upon them. The movements are of the finest quality which the art of horology is at present capable of producing. The clock and watches were objects of great attraction, and well repaid the trouble of a inspection."—*Illustrated London News*, November 8th, 1862.

Keating's Cough Lozenges.

THIS **WORLD RENOWNED MEDICINE,** which has obtained such celebrity in all parts of the globe in the cure of Cough, Asthma, Hoarseness, Incipient Consumption, and other affections of the Chest and Pulmonary Organs, is strongly recommended to all suffering from any of the above disorders, as One Trial will be sufficient to prove their undoubted efficacy, being frequently used under the recommendation of the most eminent of the Faculty.

IMPORTANT TESTIMONIAL.

MELBOURNE, Port Philip,

DEAR SIR,—I duly received per Maitland the case of Lozenges, and have much pleasure in saying that they have met with a ready sale,—therefore, send me now the value of ten pounds, that is, double the last sent, packed in two cases with Tins, &c., as before.

The Lozenges require only to be tried, and I am sure the sale will be immense. I am not an advocate for Proprietary Medicines in the general way, but assure you that the Lozenges have done so much good in almost every case in which we have recommended them, that I believe them better adapted to this climate than anything else we have seen used.

Believe me, dear Sir, yours faithfully, DANL. R. LONG.
